Essential Worker Designation Form

School District No. 58 (Nicola-Similkameen) is following the direction of the Ministry of Education to develop a plan for providing on-site educational instruction for children of essential workers.

The District is using the definition of an essential worker provided by Emergency Management BC: Essential Service Workers (ESWs) are those individuals considered critical to preserving life, health and societal functioning - including emergency responders, front-line health care workers, and critical infrastructure and supply chain workers.

On-site educational instruction for children of essential workers applies to students in Grades K-5, although we will consider providing this programming for children of essential workers in other grades, depending on individual circumstances.

If you are an essential service worker, and you are requesting to have your child(ren) considered for on-site educational programming, please complete this form.

It is important that essential service workers exhaust all possibilities for supervision of their children before accessing the essential services school. This will help the District in its efforts to safely apply health and safety protocols as defined by the Provincial Medical Health Officer.

Please be aware, depending on available District resources, essential worker status may need to be prioritized.

Please submit your application to your child's(ren's) principal by 4:00 pm on Friday, April 3, 2020.

Student(s) Information:

Student First and Last Name: _____

School: _____ Grade: _____

Student First and Last Name: _____

School: _____ Grade: _____

Student First and Last Name: _____

School: _____ Grade: _____
