Superintendent introduced Bill Lawrence and Crystal Larsen for a presentation on Pete and Renee and their TTOC journey. Want to say thank you to Simone to help with the letter of permission to have a noncertified teacher on staff. Renee has been a FNSW for so many years and now a TTOC, it took a lot of collaboration to get these two to where they are now with teachers and schools. Renee spoke to her experience, and so did Pete. There has been so much support in order for them to succeed.

Strategic Plan/ Framework for Enhancing Student Learning Self-Evaluation and Peer Evaluation Process

Superintendent spoke to the memo in the board package. We will be participating in a peer review starting tomorrow. Approximately 20 districts will be going through this. Finalized our strategic plan in June 2021. The district is responsible for the enhanced student learning plan, aligned with the work is our communication plan, LEA and EA's. We will be looking at our self reflection documents, the document has 3 sections of reflections (data, engagement, and alignment). Data - We talked about graduation rates, for all students, strengths in Joyful literacy. To consider what can the district improve on – numeracy data to be improved. Engagement piece - focus is on the stakeholder groups in participation and the process. We need to encourage the student voice. Alignment – indigenous side of things, proud of our LEA and EA. There will be a report in June's board meeting. All our work aligns with our strategic plan.

Summer Learning Support

Superintendent spoke to the memo, will be able to provide support across the district for families who are wanting their students to take some summer learning. We do recognize our teachers, parents and students need a break, so our plans to date will focus on book distribution and joyful literacy strategies and technology options. On the North side of the district, plan some community visits. On south side we will do a 4-week literacy/recreation program at the elementary level. We will rely on the staffing issues. We are also keeping an eye on the 10/11 grades to ensure they are on the right track for graduation. Student trustee asked if we consider using students to help with summer literacy programs.
